### **Marineland of Canada Brochure**

Congratulations! You have been hired by Marineland of Canada to research and create an informative brochure. Choose one marine mammal, and one land mammal from Marineland's website. For your brochure you should have information on the mammals' appearances, habitats, diets and their reproduction and offspring. Include any interesting outside information you have learned about the mammals. In the brochure you will make note of the similarities and the differences between the marine mammal and the land mammal you have chosen. Include pictures to aid the readers in their understanding of the mammals.

**The mandatory items of information for this brochure are:**

<b>Knowledge and Understanding</b>	<b>Mammal:</b>		
What is the appearance of the mammal?		/5	/5
Where and what is the habitat of the mammal?		/5	/5
What is the diet of the mammal?		/5	/5
Information about the reproduction and offspring of the mammal.		/5	/5

What are the similarities between the mammals?	/10
What are the differences between the mammals?	/10
